GRAND TOURS

EXCLUSIVE CYCLING SOCKS

This year we have paid tribute to the world of professional cycling. It is the Grand Tours' turn to receive this tribute, we have focused on their 3 biggest races from the history of cycling: "La vuelta", Le Tour" and "Il Giro".

For each of these races, we have selected historical cyclists who won the race for their home country and we have also mentioned any anecdotes from the race.

TOUR SOCKS 1909

In the socks tribute to "El Tour" we have selected Jacques Anquetin, often called "Maitre Jacques or Monsieur Crono", the five-time winner of The French Tour. On the front of these socks we have presented the famous In-durain descent that made Rominger so exhausted on the downhill of Tourmalet in 1993.

We can't forget to mention "The Devil", the biggest supporter and leader that the cycling has had. Rest in peace Didi!

On the front side of the socks, we can see the Brooklyn squad, which included Roger De Vlaeminck called "El Gitano" and Eddy Merckx.

We were inspired by one of the seven thousand islands of the Philippines to create Malay. An explosion of tropical leaves and flowers that are part of the exotic nature of this wonderful country.

DIGITAL

Do not choose to be normal, choose to be extraordinary and make your style. The Digital era is here, but we have the key and we are going to use it by giving color and pixels to our trainings.

SMILE CLUB

Welcome to SMILE CLUB where all the moments that make us laugh have to be experienced, enjoyed and repeated. Bring a smile with you by wearing the new Smile Club socks!

BAD HABITS

Progress consists in renewing oneself, even if the change is not always to everyone's liking. Bad Habits is not a blow to classical art, but an allegory to the artistic and social revolution in which we live.

MOONA LISA

Who was going to tell Leonardo Da Vinci that we would send his famous Mona Lisa to space? Honestly the suit suits her quite well, maybe she was the first one to step on the Moon...

FREE VENUS

We live in an artistic dictatorship in which there are no limits to censorship, no matter the beauty of art if what is exhibited is a naked female body. With Free Venus we defend art without taboos.
